Subject: Microsoft Settlement

Hello,

I am a grad student studying for my MBA and am also quite geeky - i.e. I live and breath computers. I also think settling with Microsoft in the fashion you have proposed is a really, really bad idea.

Microsoft should be forced to either:

- 1) Be broken into seperate companies or,
- 2) Be forced to open source their operating system under the GPL.

Thank you for your attention to this matter,

Eric Zander

But it also made him free.
